

Roxul Inc. is a leading North American manufacturer and marketer of planet-friendly insulation made from natural stone and recycled material. Headquartered in Milton, ON, with production facilities located in Milton and Grand Forks, BC, we are a subsidiary of Rockwool International. Roxul's fire-resistant, stone wool insulation products are used in residential, commercial and industrial applications to save energy, lower emissions, and provide added safety. We are currently seeking a talented, energetic individual to join the Operations team at our Milton facility.

WAREHOUSE MANAGER

Reporting to the Factory Manager, you will supervise warehouse employees on a three or four-crew continental shift rotation basis and manage a fast-paced and quality-driven environment. Results-oriented, you will achieve key warehouse objectives and drive change in our facility. Your demonstrated success in a leadership capacity and superior interpersonal, people management skills and communication skills are coupled with experience in a continuous-flow warehouse operation in a unionized environment. You have a relevant post-secondary education, a minimum of five years experience in a manufacturing environment, and demonstrated leadership, team building, and motivational abilities.

We offer a dynamic, fast-paced environment with state-of-the-art equipment and an excellent benefit and remuneration package. Please quote job number **WH01-11** and apply to:

Human Resources
